

FAST BREAK SUPER PENETRANT

Description:

- Heavy duty, professional formula
- Frees frozen nuts, bolts and fittings
- Works quickly
- Lubricates, penetrates

Uses:

Lubricates to free corroded or seized parts, penetrates rust, scale, paint, varnish, carbon, or gum

Item No.	Package	Case Pack	Part No.
80052	340 gm aerosol can	12	68 DA

BELT DRESSING

Description:

- Stops belts slippage
- Extends belt life
- Stops squeaking
- Restores pliability and flexibility

Uses:

Fan belts, water-pump belts, sewing machine belts, lawnmower belts

IMPA	Item No.	Package	Case Pack	Part No.
814682	80052	340 gm aerosol can	12	68 DA

GASKET REMOVER

Description:

- Removes all types of cut and chemical gaskets
- Reduces scraping and sanding
- Prepares metal parts for new gasket and assembly

Uses:

Removes RTV Silicone, Weatherstrip Adhesives, Permatex® No.2, dried oil, grease and paint

Item No.	Package	Case Pack	Part No.
24786	340gm aerosol can	12	24786

ULTRA BLUE NO LEAK RTV SILICONE GASKET

Description:

- High Performance RTV Silicone
- Eight times more flexible than cork/composite gaskets
- Three times more oil resistant than ordinary RTV silicones
- Temperature range: -60°C to 260°C intermittent

Uses:

Gasketing: rocker covers, oil pans, timing covers, thermostat housings

Item No.	Package	Case Pack	Part No.
24890	95gm carded tube	12	77BR
81725	368gm cartridge	12	77C

599 ULTRA GREY GASKET MAKER

Description:

- Designed specifically for Japanese engineered engines
- Low odor, non-corrosive
- Outstanding oil and coolant resistance
- Temperature range -60°C to 330°C
- The factory silicone of many Japanese and Korean automakers

Uses:

Valve covers, oil pans, intake manifolds

Item No.	Package	Case Pack	Part No.
27891	99gm carded tube	12	82194

ULTRA COPPER HI-TEMP RTV SILICONE GASKET

Description:

- High Performance High Temperature RTV Silicone
- Sensor safe, low odor, non-corrosive
- Temperature range: -59°C to 371°C

Uses:

Exhaust manifolds, rocker covers, turbo chargers, oil pans, thermostat housings

Item No.	Package	Case Pack	Part No.
81878	85gm carded tube	12	101BR

BLUE RTV SILICONE GASKET

Description:

- The original blue silicone
- Tough, flexible
- Replacement for almost any size gasket
- Temperature range: -54°C to 260°C

Uses:

Gasketing: Rocker covers, oil pans, intake manifolds, thermostat housing, can be used to seal or coat cut gasket

Item No.	Package	Case Pack	Part No.
27894	85gm carded	12	6BR
	311gm cartridge	12	6C

FORM-A-GASKET NO.2 SEALANT

Description:

- Slow drying
- Non-hardening gasket sealant
- Allows easy disassembly if needed
- Temperature range: -55°C to 204°C

Uses:

Seals rocker cover gasket, oil pan gaskets

IMPA	Item No.	Package	Case Pack	Part No.
812612	80010	85gm tube-boxed	12	2B
	80011	102, tube	12	2C

RED HI-TEMP RTV SILICONE GASKET

Description:

- The #1 Hi-Temp Silicone in Asia
- Replaces almost any cut gasket
- Tough, flexible
- Temperature range: -60°C to 343°C

Uses:

Gasketing: Rocker covers, oil pans, intake manifolds, timing covers, thermostat housings

Item No.	Package	Case Pack	Part No.
27893	85gm carded	12	26BR
81409	311gm cartridge	12	26C

AVIATION FORM-A-GASKET SEALANT NO.3

Description:

- Slow drying
- Non-hardening brush-top sealant
- Approved for aviation use
- Temperature range: -55°C to 204°C

Uses:

Sealing close-fitting machined surfaces, sealing hose connections, solid gasket dressing

IMPA	Item No.	Package	Case Pack	Part No.
812613	80017	473ml bottle	12	3D
		50ml bottle	12	3J
		50ml carded bottle	12	3JB

FORM-A-GASKET NO.1 SEALANT

Description:

- Fast drying
- Hard setting
- Designed for sealing rigid materials
- Resists common automotive fluids
- Temperature range: -55°C to 204°C

Uses:

Seals freeze plugs, threaded connections, manifold gasket

IMPA	Item No.	Package	Case Pack	Part No.
812611	80002	85gm tube-boxed	12	1B
	80003	1108, tube	12	1C

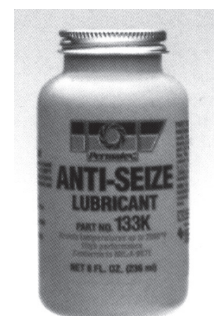

ANTI-SEIZE LUBRICANT

Description:

- Professional formula
- Non aerosol version meets Mil Spec #907E
- Use during assembly to prevent galling, corrosion and seizing, and to assure easier disassembly
- Temperature range: -51°C to 650°C
- Recommended for installation of oxygen sensors and spark plugs into aluminum heads

Uses:

Cylinder head bolts, exhaust manifold and header bolts, spark plugs, oxygen sensors, lubricates sliding disc brake calipers. Meets multiple OEM specifications

Item No.	Package	Case Pack	Part No.
81343	28gm carded tube	12	133AR
80078	236ml brush-top bottle	12	133K

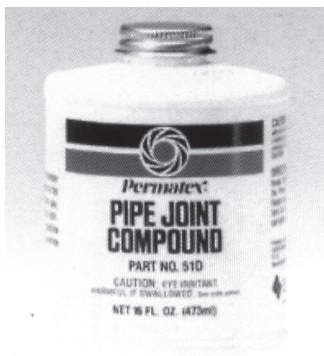

PIPE JOINT COMPOUND

Description:

- Universal threaded joint sealant
- Seals against water, oil and petrol
- Temperature range: -55°C to 150°C

Uses:

Threaded fitting, plumbing applications

Item No.	Package	Case Pack	Part No.
80044	120ml can	12	51H
80045	480ml can	12	51D

VALVE GRINDING COMPOUND

Description:

- Aids in valve grinding and sealing
- Removes burrs, surface defects, carbon gum, corrosion
- Mix with water to form an easy-to-use paste

Uses:

Valve seats

Item No.	Package	Case Pack	Part No.
80036	43gm tube, boxed	12	34A
80037	85gm tube, carded	12	34B

PRUSSIAN BLUE

Description:

- Aids in fitting parts during rebuilding
- Locates high spots on bearings, valves, gears, and other close-tolerance components
- Non drying, easy clean-up

Uses:

Bearings, valves, gears

IMPA	Item No.	Package	Case Pack	Part No.
614196	80038	22ml tube	36	35V

FAST ORANGE PUMICE LOTION HAND CLEANER

Description:

- 100% natural, biodegradable
- Fortified with lanolin, aloe, jojoba oils for skin care
- Removes the toughest stains safely, and leaves hands clean and fresh smelling
- Ideal for removing grease and oil from hands

Uses:

Resins, oil, grease, tar, grime, soil, printers ink, and tile cement

Item No.	Package	Case Pack	Part No.
25108	7.5 fl oz	12	25-108
25218	3.78 litre bottle w/pump (4 pack)	4	25-218
90128	Wall Bracket for 3.78 litre pump pack	1	90-128
25115	443ml squeeze pack	12	25115
25185	18.5 litre pail & pump		25185
23507	89ml tube w/clip strips		23507

BLUE LABEL CREAM HAND CLEANER

Description:

- Cream formula waterless hand cleaner
- Gentle to hands
- Voted best waterless hand cleaner by a U.S. consumer magazine

Uses:

Oil, grease, tar, grime, soil

Item No.	Package	Case Pack	Part No.
01013	397gm can	12	01-013
